OBJECTIVE

To obtain an entry-level position where I can apply my technical, analytical, and problem-solving skills as a motivated Bachelor of Business Information Technology (BBIT) finalist, while gaining practical experience and contributing to organizational efficiency.

EXPERIENCE

January 2026 – March 2026

Attaché - KENYA REVENUE AUTHORITY(KRA)

- Facilitate the ITSM and Change Management lifecycle by drafting technical documentation for Requests for Change (RFCs) and tracking system modifications.
- Provide hands-on technical support by troubleshooting complex application issues and reviewing System Change Requests (SCRs).
- Collaborate with development teams to implement permanent fixes and monitor enterprise-level application performance.

January 2022- February 2023

Mobile App and Web Developer- Independent Projects

- Architected and deployed responsive, cross-platform mobile applications using Flutter, focusing on user-centric interface design.
- Developed and hosted responsive websites utilizing HTML, CSS, and JavaScript, ensuring performance optimization and clean UI/UX.
- Managed the full development lifecycle, including debugging, cross-platform functionality testing, and final deployment.

EDUCATION

KCA University

Pending Graduation for Degree in Business Information Technology (BBIT)

Strathmore University

Completed a Diploma in Business Information Technology (DBIT)

KEY SKILLS
